

## SIXTH INTERNATIONAL CONFERENCE ON METHODS AND APPLICATIONS OF RADIOANALYTICAL CHEMISTRY

### INSTRUCTIONS FOR PREPARATION OF DRAFT MANUSCRIPTS FOR THE MARC VI CONFERENCE

Consult the web site at <http://www.wsu.edu/~rfilby/marc6.htm> for any changes or additions to this information

Acceptance of your abstract for the MARC V conference and presentation of you paper is conditional on the following:

1. Each paper accepted in oral or poster sessions will be published in in the Proceedings of the conference in the *Journal of Radioanalytical and Nuclear Chemistry* (JRNC). The work described must conform to the scientific scope of the conference and to that of the JRNC and must not have been previously published. Authors are responsible for obtaining any approvals from their organizations to publish and obtain any approvals to reproduce materials (e.g. figures or tables) from other publications. Publication in the JRNC will be in the normal archival series of the journal (in four or more volumes) and publication is anticipated approximately nine months after the conference.
2. As for past conferences, all papers will be peer-reviewed prior to publication in the JRNC. In order for the peer-review process to be completed in a timely manner, authors must bring **four** copies of their **DRAFT** paper, or papers, to be handed in at the start of the conference. There will be an Authors Desk in the Registration Area where papers can be handed in. The draft manuscripts must be handed in to the Manuscripts Coordinator, Ms. Catherine Grimm. **No manuscripts will be accepted**

**after the end of the conference.** The Conference organizers cannot print or copy manuscripts on-site and copying facilities at the hotel are very limited.

3. No papers will be accepted for publication in the Proceedings unless presented in oral or poster session at the conference.
4. All draft manuscripts should be typed double spaced in 12-point font on A4 or 8½ x 11 inches paper. The suggested fonts are TIMES NEW ROMAN, TIMES ROMAN, SWISS ROMAN or similar proportional font. The final manuscript submitted following peer-review and revision will be typeset by the JRNC. Please note that the length of the draft paper **must not exceed 15 pages**, including figures and tables. This strict length limit is necessary because of the large number of papers to be included in the Proceedings - papers exceeding this limit will be returned. Figures and tables can be included at the end of the draft manuscript. **Do not include original figures in the draft manuscript.** Please review a recent issue of the JRNC for the citation format and other format requirements.
