

Washington State University
Alcohol and Drug Abuse Research Program
Undergraduate Research Fellowship Application
Due October 21, 2008 for Spring Semester 2009

The Alcohol and Drug Abuse Research Program is seeking applications for undergraduate research fellowships for Spring Semester 2009. Applicants must have contacted a faculty member and have a specific project proposal in mind. Projects must pertain to substance abuse research. Award for the semester will be a \$1,000 stipend for the student and \$1,000 to the host laboratory for supplies.

Application Procedure:

- I. Cover Sheet (please use attached form)
- II. Please attach a description of your proposed research project (maximum 2,000 words). Include under bold subheadings the following items:
 - A. Title, Name, Abstract
 - B. Specific Aims
 - C. Background Literature
 - D. Rationale for the Proposed Experiments
 - E. Experimental Design (include treatment groups, doses of drugs, number of animals/group, measurements, data analysis)
 - F. Expected Results
 - G. Discussion of how the results will answer the research question
 - H. Relevance of your project to your faculty sponsor's research
 - I. Time commitment: briefly discuss the time commitment required
 - J. Your role in developing this project and writing this proposal
- III. Have two letters of recommendation sent to the address below to arrive by the grant deadline
 - A. A letter of support from your faculty sponsor, explaining as specifically as possible
 - What assistance you will provide for his or her research program
 - What part you played in developing the project and writing the application
 - B. A recommendation from someone else who has knowledge of your laboratory or problem-solving skills, e.g., a teaching assistant, faculty member, or supervisor

Send Application to Pam Kelley at OGRD (Neill 423, Mail Stop 3140).
